

# Programs

## ***Campos Seguros:***

Campos Seguros is a violence prevention program to address and prevent sexual and domestic violence amongst farm workers. Our goal is to educate and provide information that will empower the farm worker community using a peer-to-peer educator model to achieve a greater impact in seeking services available to them

## ***Youth Prevention Program:***

The youth violence prevention program focuses on promoting a positive youth centered approach to conducting workshops. Our Prevention Specialists address violence prevention through workshops, outreach activities and leadership training, creating a culture change within the school.

Our programs also fulfill Consent and Healthy Relationship requirements as mandated by California Law (Senate Bill 695).

# Prevention Program

*Lives free from violence and abuse*

## Goals of prevention

The prevention team at Monarch Services is dedicated to raising awareness and educating our community in an effort to prevent violence.

## What we do

The prevention team concentrates on reaching out to our community through workshops, trainings and presentations. Our focus is to increase understanding of healthy relationships with peers, friends and partners.

We acknowledge and promote the importance of communication and bystander intervention to create a community of active bystanders willing to speak up and promote healthy conflict resolution.

## Topics:

Domestic Violence

Sexual Assault

Human Trafficking

Sexual Harassment

Domestic Violence Effects on Children

Teen Dating Violence

Healthy Relationships

Bystander Intervention

Bullying

Agency Services

What is Consent?

Media Literacy Gender Roles

Power and Control

## Time

The average workshop is about an hour in length but can be adjusted to fit your schedule, whether it is for a longer or shorter period of time. We will concentrate on the most important points and add more activities if time allows.

## Topics

The prevention team can adjust workshops to touch upon multiple topics if necessary. We are flexible in creating a workshop that will fit your needs.

## Audience

We always adjust our topics to best fit our audience. Our team can present to both youth and adults, in English or Spanish.

## Cost

All workshops and presentations are free of charge and can be tailored specifically to your needs.
